

Current Events

You will complete a current event, twice every 9 weeks, which will be due on Sundays at 11:59pm.

This assignment will be worth one quiz grade every 9 weeks (2 CE per 9 weeks). It will be graded on -its quality and content.

You are to find a topic that has been in the media recently. This topic is yours to choose but must have international significance. This does not mean that United States events are excluded (tie it to the world).

Once the topic is chosen you must provide the following:

- Introduction: What is the document saying? What are the main ideas? (Historical Content)
- Who is the document intended for? (Audience)
- What was the purpose of the article? (Relevance)
- Historically, history is known to repeat itself. What global significance of your event/topic is similar to that of a previous historical event/time period? (Historical Connection)
- In conclusion, what would you suggest we do to fix the issue?
- Cite your source (reliable). www.easybib.com, or www.noodletools.com
- Use MLA Style Format for Current Events
 - Minimum 500 word count
